ask the expert

WHAT IS YOUR CREATIVE PROCESS?

I begin by asking the client interesting questions. I want to know all the small details, unlocking the home’s potential and adding value to the client’s life.

WHICH PROJECT HAS BROUGHT YOU THE MOST SATISFACTION?

Every project brings me great satisfaction. I love every single job I have worked on—I’ve done hundreds, and I remember them all.

HOW DO YOU THINK YOUR CLIENTS WOULD CHARACTERIZE YOU?

My clients appreciate my hard work and desire for perfection. To quote a client: “Sheryl, your designs are above and beyond what I ever imagined was possible. You are an artist.”

SHERYL BLEUSTEIN INTERIORS

Personalized in the truest sense of the word, the spaces in which Sheryl Bleustein creates are vividly original and flawlessly reflect the passions, pursuits and lifestyles of her clients. “I never do anything twice,” asserts Bleustein. “Every project is a new canvas where I can turn each client’s unique dream into a reality.” With an obsession for detail, Bleustein-created interiors are infused with custom-crafted luxuries, such as electric cabinets and drawers for a gourmet chef; a sumptuous vanity that opens up as jewelry storage; and an extravagant closet for a watch collector. An industry icon for more than 21 years, Bleustein’s innate sense of proportion, eye for exquisite details and finishes, and relentless quest for perfection has earned her a position as one the most sought-after interior designers in South Florida and commissions for discerning clients worldwide. “I love, love what I do,” enthuses Bleustein. “I will do anything and everything for my client.” Delivering luxury residential interior design services to an elite clientele, from celebrities to CEOs, Bleustein places great importance on attentive, one-on-one service of the highest quality, believing the process is as critical as the result: “It is my goal to achieve a beautiful home that is as luxurious to live in as it is to look at; and I want this to be an enjoyable journey for my client,” she says.

This master bedroom is wrapped in beautiful, pure white fabric with subtle hints of citrus. The accent wall consists of an oyster shell wallcovering, and the window treatments are a sheer linen oyster grey.

“Creating exceptional living spaces is what I do best. Every last detail is researched, considered and tailor-made.”

—SHERYL BLEUSTEIN, PRINCIPAL

The dining room table features a V-shaped base in a high-polished wood finish with a glass top; and the dining chairs are upholstered in white, ultra-suede fabric. The Wish buffet table is in a dark walnut wood finish.

This living area displays a crisp palette of colors, accented with chrome and glass cocktail tables. The hammered chrome lamps sit on dark ebony walnut end tables, and the fabrics are a combination of silk, leather and velvet.

This modern kitchen features white, high-gloss lacquer cabinets and dark ebony walnut on the island’s cabinets. The island and structural column were wrapped in white quartz. Stainless steel shelving is displayed above the sink.

Herringbone-cut porcelain floors, green, citrus-colored fabrics and pure white fabrics with texture give this great room a comfortable yet dramatic feel. The custom dining table is made with wood planks and a dark wood finish.
